2022 ELC delegate Frequently Asked Questions (FAQs)

Q. What changes have been made to the 2022 ELC?

A. It has reluctantly been decided that the 2022 Emerging Leaders Conference (ELC) will proceed as a virtual event. This will ensure that all delegates no matter their location, are able to still participate fully.

Q. What do the changes mean for me as a delegate?

A. All invited delegates are invited to continue their participation in the 2022 ELC. By adapting this important college meeting to a virtual format it means our delegates can still participate no matter their location.

Q. What do you require confirmed delegates to do at this stage?

A. We request all invited delegates to please confirm their ongoing participation in the conference with Majella Coco, Events Officer, by **Tuesday 1 March** via return [email](#).

Q. Will the dates and times of the conference change?

A. The conference will take place virtually over the same dates, Tuesday 26 April to Thursday 28 April, with exact timings yet to be finalised. Once timings are confirmed these will be communicated with delegates accordingly.

Q. Will changes be made to the conference program?

A. We are currently working with the 2022 ELC Convenors to review and revisit their program. We will share a copy of the revised program as soon as it is available. We are working to ensure that your days will be broken up with other activities so you are not only on screen and on-line.

Q. Am I still required to register for the ANZCA ASM? (updated)

A. It has been agreed that we will make a special exception for 2022 ELC delegates and remove the condition that ELC delegates must register for the ASM. We do however, highly encourage you to register and attend for your own professional development. If you're unable to watch the ASM scientific program sessions at the scheduled time you can always re-watch onDemand for up to 12 months post the event.

If you cannot find the answer to your question above, please contact the Event Organiser, Majella Coco, by phone on +61 3 9510 6299 or via [email](#).
