Invitation from the convenors

To our colleagues in the healthcare industry,

Join us in 2024 for the Australian and New Zealand College of Anaesthetists (ANZCA) Annual Scientific Meeting (ASM), taking place 3 to 7 May at the Brisbane Convention & Exhibition Centre (BCEC).

The theme of the 2024 ASM is 'Limitless'. As clinicians and researchers, we strive to push beyond our limitations with you, the healthcare industry (HCI), to improve the science for our patients, our colleagues and ourselves.

We're looking forward to continuing to strengthen our connections with you and discovering the infinite possibilities of new technologies, trends and research in anaesthesia and pain medicine that have flourished post-pandemic.

The return of an in-person HCI exhibition in 2023 saw our delegates thrive in unbounded contact opportunities to see, touch and hear about new and enhanced products that provide the best care to our patients. 2024 will expand on this integral face-to-face interactive element and our online capabilities give endless scope for communication, unrestricted by time and space.

Anaesthetists and pain specialists over the world are renowned for their ability to think outside the box, unceasing in their dedication to uncover solutions and provide high quality patient outcomes. This is facilitated by their consistent return to high quality meetings such as the ANZCA ASM, with the 2023 ASM being the largest of its kind in the southern hemisphere, creating incalculable results.

The program will showcase internationally recognised keynote speakers including but not limited to; Professor Carolyn Weiniger MB ChB, Director of Obstetric Anaesthesia at the Tel Aviv Sourasky Medical Centre, Israel, Professor Daniel Martin OBE, Professor of Perioperative and Intensive Care Medicine at the University of Plymouth, UK and Associate Professor Vivianne Tawfik MD, PhD, Associate Professor of Anesthesiology, Perioperative and Pain Medicine at Stanford University School of Medicine, USA. Along with yet to be announced keynotes from Canada and beyond, these highly esteemed clinicians have an inexhaustible wealth of knowledge, engaging personas and a large following here in Australia. Our international speakers are complemented by a myriad of rich and diverse speakers from Australia, New Zealand, and further afield. The scientific program is enhanced by an eclectic collection of workshops and small group discussions which promise high levels of engagement from our delegates. With such an extensive educational offering, we're anticipating a high number of delegates attending in person and online to learn with one another and hear from industry. Our online traffic has already started engaging and you can follow the Twitter hype using the hashtag #ASM24BRIS.

The state-of-the-art conferencing facilities at Brisbane Convention and Exhibition Centre (BCEC) are surrounded by a vibrant river city which is renowned as a paradise for art lovers, hosting a wealth of wildlife and nature. It is the gateway to the Sunshine and Gold Coast attracting local, interstate, and international delegates. The BCEC provides a beautiful, purpose-built, and environmentally sustainable venue for educational sessions and exhibition space, coupled with ongoing virtual access for delegates after the ASM, offering excellent opportunities for you to connect with clinicians, and share your unlimited ideas and vast array of products.

On behalf of ANZCA, the 2024 Regional Organising Committee welcomes you to come and explore the limitless opportunities with us in Brisbane.

ANZCA ASM 2024

The event

The ANZCA Annual Scientific Meeting (ASM) is designed for specialists and trainees in anaesthesia and pain medicine. It's known as an exceptional meeting with an outstanding academic and social program, attracting internationally acclaimed speakers.

The dynamic and dedicated team of anaesthetists on the organising committee are developing an event not to be missed. The ANZCA events team will be available to you to provide excellent stakeholder engagement, marketing and customer service.

The venue

The Brisbane Convention & Exhibition Centre (BCEC) is centrally located in the unique riverside precinct at South Bank, home to Brisbane's thriving arts and cultural community. South Bank is considered city's cultural and entertainment hub.

Meeting promotion

A professionally planned and executed marketing strategy will ensure that the benefits of supporting the 2024 ANZCA ASM are widely known across Australia and New Zealand.

This includes:

- Extensive direct mail campaigns.
- Website and electronic promotions.
- Advertising in professional journals.
- Social media campaigns including links with and to online medical education.
- Use of hospital, private practice, and international and national speaker networks.
- Active promotion at all ANZCA meetings held in the months prior to the ASM.

Why should you sponsor the 2024 ANZCA ASM?

The 2024 ANZCA ASM provides a unique educational environment dedicated to the exchange of up-to-date scientific research, training and the opportunity to share and exchange ideas with those people most skilled in the use of your products.

If anaesthetists, intensivists, pain medicine specialists, trainees and allied medical personnel are part of your target market, there's no better way to reach all of them at one meeting than by supporting the ANZCA ASM.

The key benefits of sponsorship include:

- The opportunity to promote your name, to support your brands and to maintain a high profile among specialists before, during and after the event.
- ASM delegates are keen to improve their scientific, technical and educational knowledge. Aligning your company with this comprehensive educational experience demonstrates your commitment to assisting their professional development and further education.
- An opportunity to consolidate corporate relationships and expose your staff to their key markets.
- Interacting with delegates face-to-face during morning, lunchtime and afternoon tea breaks as well as the healthcare industry reception on Sunday evening.
- Benefiting significantly from exposure to a keenly interested, relevant, and above all, influential audience in an educational environment away from the competition of everyday distractions.
- An increase in online exposure and extended delegate reach through the dedicated ASM website, ANZCA's many social media channels (Twitter, Facebook, Instagram and LinkedIn), as well as exposure on our supporting virtual event portal.

The ASM sponsorship team would be delighted to meet with you to discuss these opportunities for promoting your products or services.

Early confirmation of your sponsorship of the meeting will ensure an even higher level of exposure. An extensive promotional campaign including advertisements, direct mail campaigns, email broadcasts and web exposure will be implemented in the lead up to the ASM and the opportunity exists for your company to be represented as a key supporter of the meeting well in advance of the actual dates.

Sustainability at ANZCA events

As part of the college's commitment to environmental sustainability, we've eliminated printed collateral and single use plastic. We no longer print registration brochures, handbooks or pocket programs for the ASM. The volume of paper to produce the brochures and handbooks for one ASM equates to approximately 880 reams of paper, which is in excess of 50 trees and over an acre of forest.

Further information on sustainability as ANZCA events can be found on the [ANZCA website](#).

As a sponsor of the 2024 ASM we encourage you to take responsibility for your own footprint. This includes eliminating single use flyers/brochures/signage, recycle all packaging where possible and consider what you bring in and taking all items and material back to your

office. We also suggest using personal reusable coffee cups and water bottles throughout the duration of the meeting. A wash and hydration station will be placed in the HCI area to help encourage delegates with this initiative.
