

Invited speakers

Baroness Susan Greenfield CBE, FRCP (HON)

United Kingdom

Tuesday April 30
10.55-11.20am – Inside the brain

Thursday May 2
8.55-9.20am – The future of the brain: impact of digital technology

Professor Bruce Biccard
@brucebiccard

South Africa

Monday April 29
8.30-10am – M20A: Seize the day! Pre-optimisation instead of preassessment before surgery

Tuesday April 30
1.30-1.50pm – Cardiovascular biomarkers

Thursday May 2
3.50-4.10pm – Safe surgery: Africa

Professor Fred Watson AM
@stargazerFred

Australia

Monday April 29
12.15-1.15pm – M32A: The universe for everyone

Tuesday April 30
11.40am-12pm – Mysteries of Mars
2.10-2.30pm – Man on the moon: The story of Apollo

Wednesday May 1
3.30-3.50pm – No planet B

Friday May 3
2.30-2.50pm – Countdown to Mars

Mr Andrew Beveridge
@beveridgeandrew

Australia

Monday April 29
10.30am-noon – M08A: A legacy of leaders – identifying, developing and supporting leaders to future-proof your department

12.15-1.15pm – SGD01A: Addressing the challenges of building leadership capability in your department

Dr Andrew Klein
United Kingdom

Monday April 29
8.30-10am – M20A: Seize the day! Pre-optimisation instead of preassessment before surgery

Thursday May 2
2.30-2.50pm – Iron deficiency and anaemia in pregnancy – par for the course or modifiable disease?

Dr Daniel Conway
@periopman

United Kingdom

Monday April 29
1.30-3pm – M21A: From PAC to PACU and beyond: Prehabilitation and anaesthetic management of patients with cancer

Friday May 3
8.30-8.50am – Perioperative optimisation in practice

Clinical Associate Professor Kok-Yang Tan

Singapore

Friday May 3
10.30-10.50am – Approach to elderly patients undergoing major colorectal resection

Dr Alexandre Joosten

Belgium

Tuesday April 30
2.30-2.50pm – Computer-assisted anaesthesia and closed loop systems for fluid and vasopressor administration: Ready for prime time?

Professor Emad El-Omar
@emadelomar

Australia

Wednesday May 1
1.55-2.20pm – The role of the microbiome in pain and its treatment

Thursday May 2
9.20-9.45am – The microbiome: the new frontier of medicine

Associate Professor Warwick Teague

Australia

Monday April 29
12.15-1.15pm – M17A: Paediatric trauma: Why children are peculiar

Wednesday May 1
3.50-4.10pm – Keeping children safer: Numbers worth talking about

Associate Professor Lis Evered

Australia

Monday April 29
8.30-10am – W21A: Screening for risk of delirium...

10.30am-12pm – M19A: Can 15 minutes...

Tuesday April 30
1.50-2.10pm: Perioperative neurocognitive disorders

Thursday May 2
2-2.15pm: Neurofilament light and cognitive outcomes

Pre-meeting workshops

Sunday April 28, 2019

Code	Workshop name	Time
W01A	W01A: CRASH: Critical care, resuscitation, airway skills: Helping you return to work Meeting Room 401 and 402, Level 4	8.30am-5.30pm
W06A	Cardiac arrest: Management for anaesthetists Meeting Room 306, Level 3	9-11am
W06B	Cardiac arrest: Management for anaesthetists Meeting Room 306, Level 3	Noon-2pm
W28A	All around the block and skills training Meeting Room 303, Level 3	1.30-5pm
W28B	All around the block and skills training Meeting Room 304 and 305, Level 3	1.30-5pm
W06C	Cardiac arrest: Management for anaesthetists Meeting Room 306, Level 3	3-5pm

Correct at time of printing. Please visit asm.anzca.edu.au or the ASM app for updated information.

Workshops, masterclasses and small group discussions program

Monday April 29, 2019

Key to the universe:

Workshops
Masterclasses
Small group discussions

8.30-10am	<p>W02A Anaphylaxis: Should I give the cefazolin? Meeting Room 404, Level 4</p> <p>W03A How can TEG help with... Meeting Room 409, Level 4</p> <p>W04A CICO Conference Hall 2C, Level 3</p> <p>W07A Cardiac arrest: Stay calm and get... Meeting Room 306, Level 3</p> <p>W12A Preventing and managing CICO in... Conference Hall 2A, Level 3</p> <p>W13A Virtual endoscopy Conference Hall 3C, Level 3</p> <p>W14A Nasendoscopy: Learn from the experts Banquet Hall B, Level 3</p> <p>W17A Vortex approach Conference Hall 3B, Level 3</p> <p>W21A Screening for risk of delirium and... Meeting Room 406, Level 4</p> <p>W25A Regional anaesthesia - upper limb Conference Hall 1B, Level 3</p> <p>W27A Eye blocks made easy (8-10am) Conference Hall 3A, Level 3</p> <p>W33A Neurotrauma for the occasional... (8.30am-12.30pm) Conference Hall 1C, Level 3</p> <p>W36A Transthoracic echocardiography... Conference Hall 1A, Level 3</p> <p>W41A Introduction to gastric point-of-care... Conference Hall 2B, Level 3</p> <p>W44A Introduction to mindfulness (8.30am-noon) Meeting Room 303, Level 3</p> <p>W47A A practical guide to performing high... Meeting Room 407, Level 4</p> <p>W49A Getting started in research Meeting Room 401, Level 4</p> <p>W50A Beyond Google: An introduction...(8-10am) Meeting Room 310, Level 3</p>	<p>M01A Update in pain... Meeting Room 403, Level 4</p> <p>M09A What to do... Meeting Room 405, Level 4</p> <p>M20A Seize the day... Meeting Room 410, Level 4</p> <p>M24A Intensive care... Meeting Room 302, Level 3</p> <p>M28A From fizziology... Meeting Room 301, Level 3</p> <p>M30A Aeromedical... Meeting Room 305, Level 3</p> <p>M34A Setting up hand... Meeting Room 408, Level 4</p> <p>M40A Mentoring: Finding... Meeting Room 402, Level 4</p>	<p>SGD04A "Rapid" prehabilitation for surgery: What, why, and how? Meeting Room 304, Level 3</p>
10-10.30am	Morning tea		
10.30am-noon	<p>W02B Anaphylaxis: Should I give the cefazolin? Meeting room 404, Level 4</p> <p>W03B How can TEG help with... Meeting room 409, Level 4</p> <p>W04B CICO Conference Hall 2C, Level 3</p> <p>W07B Cardiac arrest: Stay calm and get... Meeting Room 306, Level 3</p> <p>W12B Preventing and managing CICO in... Meeting Room 407, Level 4</p> <p>M33A ERAS for robotic hip... Meeting Room 405, Level 4</p>	
6-7.30pm	College Ceremony Plenary Hall		
7.30-11.30pm	Welcome Reception East Wing Foyer, Level 3		

Scientific program

Tuesday April 30, 2019

	Opening address and welcome, Plenary Hall	
	Dr Rodney Mitchell, ANZCA President, Australia Dr Meredith Craigie, FPM Dean, Australia Dr Raveenthiran Rasiah, College of Anaesthesiologists Malaysia President, Malaysia	
8.30-10am	Opening plenary, Plenary Hall	
	Ellis Gillespie Lecture: Anaesthetists, the next generation Professor Harriet Hopf, United States (ANZCA ASM Visitor) Malaysian Keynote Lecture: Expanding world of perioperative ultrasound Dr Shahridan Fathil, Malaysia (ANZCA and Malaysian College of Anaesthesiologists ASM Visitor) Michael Cousins Lecture: Impact of centralised pain on acute and chronic pain after surgery Associate Professor Chad Brummett, United States (FPM ASM Visitor)	
10-10.30am	Morning tea, healthcare industry exhibition	
	Plenary session: Different worlds, Plenary Hall <i>Chair: Dr Vanessa Beavis (ANZCA Vice President)</i>	
10.30am-noon	Making the leap: Managing risk in Anaesthesia and BASE jumping. Dr Peter Wyllie, Australia Inside the brain Baroness Susan Greenfield CBE, United Kingdom Leaving the planet Dr Michael Barratt, United States Mysteries of Mars Professor Fred Watson AM, Australia	
Noon-1.30pm	Lunch, healthcare industry exhibition LS01 Sponsored by Mundipharma (12.15-1.15pm) refer to page 41 Conference Hall 1, Level 3 FPM Trainees and New Fellows Luncheon Meeting Room 304 and 305, Level 3 GP Anaesthetists Luncheon Plenary Theatre Foyer Open ePoster prize session (refer to page 30) (12.15-1.15pm) Exhibition Halls 1 & 2 - ANZCA/FPM Theatre	
	Airway Management SIG Airway management - new and old Plenary Hall <i>Chair: Professor Keith Greenland</i>	Leadership in my world Plenary Theatre, Level 3 <i>Chair: Associate Professor Nicole Phillips</i>
1.30-3pm	Implementing the Vortex approach to the difficult airway Dr Nicholas Chrimes, Australia Project for the Universal Management of the Airway (PUMA) Dr Andy Higgs, United Kingdom Evolution of airway management: diphtheria and world war one facial trauma Dr Chris Acott AM, Australia	Dr Sushila Sivasubramaniam, Malaysia Professor Harriet Hopf, United States Professor Kate Leslie AO, Australia Dr Bridget Effenev, Australia Dr Jennifer Stevens, Australia
3-3.30pm	Afternoon tea, healthcare industry exhibition	
	Airway Management SIG Difficult airway - expected and unexpected Plenary Hall <i>Chair: Dr Yasmin Endlich</i>	Rural Anaesthesia SIG City expectations, rural resources Plenary Theatre, Level 3 <i>Chair: Dr David Rowe</i>
3.30-5pm	Airway incidents: webAirs Dr Martin Culwick, Australia Awake tracheal intubation a core skill Professor Ellen O'Sullivan, United Kingdom A new video stylet Professor Friedrich Puhlinger, Germany Safe nasal intubation techniques for OSA and maxillofacial surgery Dr Vladimir Nekhendzy, United States	Rural anaesthetic workforce: Malaysia Dr Sushila Sivasubramaniam, Malaysia Should they stay or should they go? The clash of high anaesthetic risk #NOF in a rural hospital Dr Airell Hodgkinson The elusive GP anaesthetist Dr Peter Gilchrist, Australia
6-8pm	ANZCA Research Foundation Reception, Australian High Commission, Malaysia (by invitation only)	

	New developments in pain therapy Conference Hall 3, Level 3 <i>Chair: Dr Gurbir Kaur</i>
	New ketamine ester analogues - can we tame the ketamine tiger? Professor James Sleigh, New Zealand Long acting opioid for acute pain, when (if ever) and why? Dr Jennifer Stevens, Australia Site-1 Sodium channel blockers: Toxins to treatments Associate Professor Chad Brummett, United States
Science in the operating theatre Conference Hall 1, Level 3 <i>Chair: Associate Professor Nico Terblanche</i>	History of Anaesthesia SIG Malaya and the moon Conference Hall 2, Level 3 <i>Chair: Dr Di Khursandi</i>
Cardiovascular biomarkers Professor Bruce Biccard, South Africa Cognitive dysfunction Associate Professor Lis Evered, Australia Exploring the effect of general anaesthesia on patients' post-operative sleep and circadian rhythms Associate Professor Guy Warman, New Zealand Computer-assisted anesthesia and closed loop systems for fluid and vasopressor administration: Ready for Prime time? Dr Alexandre Joosten, Belgium	Prisoner of war anaesthesia: Malaya and the Burma railway Monica Cronin, Australia History of anaesthesia in Malaysia Dr Anavangot Damodaran K.P. Nayar, Malaysia Man on the moon: The story of Apollo Professor Fred Watson AM, Australia
Medical Education SIG New world of anaesthesiology training Conference Hall 1, Level 3 <i>Chair: Dr Neroli Chadderton</i>	Space medicine Conference Hall 2, Level 3 <i>Chair: Dr Forbes McGain</i>
Innovations and challenges Dr Damian Castanelli, Australia Unconscious bias Professor Kirsty Forrest, Australia Return to work Dr Kara Allen, Australia	Mars or bust: Physiologic changes in long duration spaceflight Heidi F. DeBlock, MD, United States Suspended animation: Science fiction, spaceflight and surgery Dr David Cooper, Australia Dr McCoy's guide to space medicine Dr Michael Barratt, United States
	The pain of global health Conference Hall 3, Level 3 <i>Chair: Dr Chris Orlikowski</i>
	Real world pain education Dr Mary Suma Cardoso, Malaysia EPM - the good, the bad and the future Associate Professor Roger Goucke, Australia Through the looking glass - separating fact from fiction Dr Andrew Ottaway, Australia
	Acute Pain SIG Other dimensions, COnference Hall 3, Level 3 <i>Chair: Professor Chi Wai Cheung</i>
	The role of acute care prescribing in the opioid epidemic Associate Professor Chad Brummett, United States Role of regional anaesthesia in acute pain Professor Donal Buggy, Ireland
ANZCA Research awards will be presented	

Lunchtime workshop sessions

W05A CICO **Meeting Room 408 and 409, Level 4**
W07E Cardiac arrest... **Meeting Room 306, Level 3**
W22A Preoperative... (12.15- 1.15pm) **Meeting Room 302, Level 3**
W31A An introduction... (12.15- 1.15pm) **Meeting Room 301, Level 3**
W43A Ultrasonograph... (12.15- 1.15pm) **Meeting Room 401, Level 4**

Correct at time of printing. Please visit asm.anzca.edu.au or the ASM app for updated information.

Scientific program

Wednesday May 1, 2019

	Plenary session, Plenary Hall <i>Chairs: Dr Rodney Mitchell (ANZCA President), Dr Meredith Craigie (FPM Dean), and Professor Ravi Mahajan (RCoA President)</i>	
8.30-10am	Mary Burnell Lecture: The big trials in anaesthesia: What are they telling us? Professor Philip Peyton, Australia (Australasian Visitor) Neuromodulation: False hope or unrealised potential Dr Lawrence Poree, United States (FPM Organising Committee Visitor) Influencing or reflecting practice: The role of national audits and guidelines Professor Ellen O'Sullivan, United Kingdom (ANZCA and The Royal College of Anaesthetists Visitor) ANZCA 2020 ASM Launch Dr Edward Debenham, Australia	
10-10.30am	Morning tea, healthcare industry exhibition	
	Plenary session: The main mission – safe outcomes, Plenary Hall <i>Chairs: Dr Vanessa Beavis (ANZCA Vice President) and Dr Brian Kinirons (CAI President)</i>	
10.30am-noon	Can anaesthetic-analgesic technique during cancer surgery influence recurrence or metastasis? Professor Donal Buggy, Ireland (ANZCA and College of Anaesthetists of Ireland Visitor) Safe endoscopy Clinical Associate Professor Marcus Skinner AM, Australia (ANZCA Tasmanian Regional Visitor) Managing risk in human space flight Dr Michael Barratt, United States	
Noon-1.30pm	Lunch, healthcare industry exhibition LS03 Sponsored by Seqirus (12.15-1.15pm) refer to page 41, Conference Hall 1, Level 3 ANZCA Trainees' Luncheon, Parkview Deck Cafe, Level 1 FPM AGM, Conference Hall 3, Level 3 FPM new board meeting (12.30-1.30pm), Meeting Room 302, Level 3 Open ePoster prize session (refer to page 30) (12.15-1.15pm), Exhibition Halls 1 & 2 – ANZCA/FPM Theatre	
	Anaesthesia and Critical Care in Unusual and Transport Environments (ACCUTE) SIG One extreme to another, Plenary Hall <i>Chair: Dr Fiona Reardon</i>	Regional Anaesthesia SIG The hurt blocker, Plenary Theatre, Level 3 <i>Chair: Dr Katrina Webster</i>
1.30-3pm	Aeromedical retrieval Malaysia Dr Gunalan Arumugam, Malaysia Antarctic retrieval Clinical Associate Professor Marcus Skinner AM, Australia Medical treatment and transport for the International Space Station Dr Michael Barratt, United States	Alternatives to the epidural for abdominal surgery Dr Brian Kinirons, Ireland Ambulatory catheters in shoulder surgery Dr Ross Peake, Australia Not so fast – pitfalls of common RA blocks Dr Andrew Lansdown, Australia
3-3.30pm	Afternoon tea, healthcare industry exhibition	
	Come explore the atmosphere we're creating Plenary Hall <i>Chair: Professor Kate Leslie</i>	Trauma SIG: Blood, sweat and tears – transfusion, disasters and paediatric trauma, Plenary Theatre, Level 3 <i>Chair: Major Adam Mahoney</i>
3.30-5pm	No planet B Professor Fred Watson AM, Australia Greening anaesthesia: Individual and institutional action Professor Harriet Hopf, United States Anaesthetists can recycle/reduce/reuse anything! Dr Forbes McGain, Australia Environmental action Dr Cambell Bennett, New Zealand	Defence force transfusion innovations Colonel Michael Reade, Australia Keeping children safer: Numbers worth talking about Associate Professor Warwick Teague, Australia Trauma surgery in a tent Dr Andrew Fenton, Australia
5-6.30pm	Healthcare Industry Reception, Exhibition Halls 1 & 2, Ground floor Open ePoster prize session (refer to page 31), Exhibition Halls 1 & 2 – ANZCA/FPM Theatre	

Correct at time of printing. Please visit asm.anzca.edu.au or the ASM app for updated information.

FPM Dean's Prize and Best Free Paper Session, Conference Hall 3, Level 3 <i>Chair: Meredith Craigie (FPM Dean)</i>			
The impact of educational videos on pain assessment in people with dementia and behavioural, Dr Raj Anand Pain round efficiency following introduction of an electronic medical record - The Westmead Experience, Dr Varun Desai Identifying and characterising "Prescription Shoppers" amongst patients presenting for pain management at the Concord Repatriation and General Hospital: a pilot study towards formulating a pain management approach for opioid dependent patients with aberrant behaviours, Dr Yi-Ching Lee The effect of methadone on chronic postsurgical pain after complex spine surgery, Dr Glenn Murphy The effect of total intravenous anaesthesia with propofol on postoperative pain after third molar surgery, Dr Sau Ching Stanley Wong Prescribing of slow-release opioids for acute pain remains common-place but discharge prescribing sub-optimal despite guidance from the Acute Pain Service, Dr Tom Luo			
Lunchtime workshop sessions			
W05B CICO Meeting Room 408 and 409, Level 4 W07F Cardiac... Meeting Room 306, Level 3 W32A ECMO...(12.15- 1.15pm) Meeting Room 301, Level 3			
ANZCA Clinical Trials Network: Late breaking trials, Conference Hall 1, Level 3 <i>Chair: Professor Philip Peyton</i>	Beyond the pulse: Tissue and EEG monitoring Conference Hall 2, Level 3 <i>Chair: Dr Linda Weber</i>	The microbiome and pain: The new black Conference Hall 3, Level 3 <i>Chair: Dr Nina Loughman</i>	Workshop session
Obesity and adverse outcomes after major abdominal surgery: results of the RELIEF sub-study Dr Usha Gurunathan, Australia Covert Stroke after Non-cardiac Surgery – the NEUROVISION trial Dr Doug Campbell, New Zealand The Balanced Anaesthesia Study A prospective, randomised clinical trial of two levels of anaesthetic depth on patient outcome after major surgery Associate Professor Timothy Short, New Zealand	NIRS: Uses and limitations Dr Katharina Gräfe, Germany Intraoperative EEG monitoring: Why, how and when? Associate Professor Laurence Weinberg, Australia Photons dancing through tissue – Paediatric near infrared spectroscopy applications and some possible futures Dr Justin Skowno, Australia Pluto or Earth: where is your patient? Heidi F. DeBlock, MD, United States	Of bugs and brain: Links between microbial and mental health Dr Amy Loughman, Australia The microbiome in irritable bowel syndrome and its modulation by diet Professor Kevin Whelan, United Kingdom The role of the microbiome in pain and its treatment Professor Emad El-Omar, Australia	W56A Annual supervisor of training (SOT) workshop – share experiences and grow together Meeting Room 305, Level 3
ANZCA Trainee Academic Prize session, Conference Hall 1, Level 3 <i>Chair: Dr Jennifer Woods</i>	Neuroanaesthesia SIG In the stroke of time, Conference Hall 2, Level 3 <i>Chair: Dr Veronica Gin</i>	Opioids in chronic non-cancer pain: Around the world, Conference Hall 3, Level 3 <i>Chair: Dr Michael Vagg</i>	Workshop session
Is anaesthetic risk understood? Dr Stephen Manning Pre-operative frailty score of elective joint replacement patients and the associated post-operative complications and length of stay Dr Siobhan Stone Early cognitive recovery after propofol-only anaesthesia for endoscopic procedures Dr Harry Jones and Dr James Kelly A prospective single centre study on the efficacy and safety of erector spinae plane blocks for the management of rib fractures Dr Jason Tiong Does variation of inspired oxygen concentration at the time of reperfusion of the lower limb alter oxidative stress and immune activation? (ORIS-2 study) Dr James Preuss Analysis of medication errors reported in the first 4,000 incidents of WebAIRS Dr Jee-Young Kim	Translating animal models of stroke Professor Fiona McBryde, New Zealand Protecting the ischaemic penumbra in stroke Dr Carolyn Deng, New Zealand The future of stroke research Dr Doug Campbell, New Zealand	Correlation between the medical uses of opioids and the international illegal opioid trade Dr Lawrence Poree, United States Real time monitoring of opioids in Tasmania Mr Peter Boyles, Australia Role of opioids from a Malaysian perspective Dr Mary Suma Cardosa, Malaysia	W54A Effective Management of Anaesthetic Crises (EMAC) instructors' workshop Meeting Room 305, Level 3

Scientific program

Thursday May 2, 2019

7-8.15am	Celebrating women in STEM - inaugural women in STEM breakfast, sponsored by Smiths Medical Conference Hall 1, Level 3 <i>Chairs: Dr Bridget Effenev and Associate Professor Nicole Phillips</i> Guest speaker Professor Maude Phipps Plenary session: A new culture, Plenary Hall <i>Chair: Dr Rodney Mitchell (ANZCA President) and Dr Meredith Craigie (FPM Dean)</i>	
8.30-10am	Malaysian Pain Free Hospital initiative Dr Mary Suma Cardoso, Malaysia (FPM Malaysian Visitor) The future of the brain: Impact of digital technology Baroness Susan Greenfield CBE, United Kingdom The microbiome: The new frontier of medicine Professor Emad El-Omar, Australia	
10-10.30am	Morning tea, healthcare industry exhibition	
10.30am-noon	Plenary session: Gilbert Brown Prize session, Plenary Hall <i>Chair: Professor David A Scott</i> An emerging deception: Limitations of non-invasive measurement and a reliable alternative for postoperative patient temperature assessment, Dr Verna Aykanat Simulating crisis management in paediatric anaesthesia, Dr Shannon Morrison A randomized crossover study comparing the success rates, speed of insertion and safety of the intraosseous access devices Bone Injection Gun and the EZ-IO in trainees within the department of anaesthesia in a tertiary institution, Dr Tiffany Tam A pharmacokinetic model for optimal prophylactic cefazolin dosing in elective bariatric surgery patients, Dr Rochelle Ryan Postoperative opioid requirement in elective unilateral knee replacement surgery at Alfred Health: a retrospective cohort study, Dr Simon Davis	
Noon-1.30pm	Lunch, healthcare industry exhibition LS05 Sponsored by Medtronic (12.15-1.15pm) refer to page 41 Conference Hall 1, Level 3 ANZCA AGM (noon-12.45pm), Plenary Hall Trainee ePoster prize session (refer to page 31) (12.15-1.15pm), Exhibition Halls 1 & 2 - ANZCA/FPM Theatre	
1.30-3pm	Obstetric Anaesthesia SIG Highs and lows of obstetric anaesthesia, Plenary Hall <i>Chair: Dr Edward Debenham</i>	Day Care Anaesthesia SIG 2020 a day-care odyssey, Plenary Theatre, Level 3 <i>Chair: Dr Leena Nagappan</i>
	Neuraxial ultrasound Dr Adrian Chin, Australia Maternal resuscitation Professor Choon Yee Lee, Malaysia Iron deficiency and anaemia in pregnancy - par for the course or modifiable disease? Dr Andrew Klein, United Kingdom Approach to the management of postpartum headache Clinical Professor Nolan McDonnell, Australia	Preoperative assessment for day surgery: Rationalise, ration or regulate Dr Debra Coleman, Australia The DayCOR outcomes registry: The first 12 months Dr Nicole Tan, Australia Day surgery in Malaysia Dr Kavita Bhojwani, Malaysia Regional anaesthesia in the elderly same day surgical patient Dr Brian Kinirons, Ireland
3-3.30pm	Afternoon tea, healthcare industry exhibition	
3.30-5pm	Paediatric airway Combined ANZCA and SPANZA session, Plenary Hall <i>Chair: Dr David Linscott</i>	Ethical dilemmas, Plenary Theatre, Level 3 <i>Chair: Dr Karen Smith</i>
	The difficult paediatric airway: To laryngoscopy and beyond Dr Stefano Sabato, Australia Paediatric HFNO Dr Susan Humphreys, Australia Airway crises and CICO in children Dr Nick Lanyon, Australia	Guidelines and organisational responsibility for error Associate Professor Steve Bolsin, Australia Euthanasia Dr Aidan O'Donnell, New Zealand Consent in Asian patients Dr Hassan Ariff, Malaysia Do no harm? Ethical considerations in anaesthetic training Dr Amanda Dalton, New Zealand
6.30-10.30pm	Fine dining cultural experience, Yun House Chinese Restaurant, Four Seasons	
7pm-midnight	Red Planet Gala Dinner, Ballroom 1 and 2, level 3	

Overseas aid committee: Real world anaesthesia, challenges and training, Conference Hall 1, Level 3 <i>Chair: Dr Yasmin Endlich</i>		ANZCA funded research, Conference Hall 3, Level 3 <i>Chair: Professor David A Scott</i>	
Anaesthesia training in Laos Dr Traychit Chanthasiri, Laos Minimum standards for global anaesthesia training? Dr Andrew Ottaway, Australia WFSA obstetric anaesthesia fellowship Professor Yoo Kuen Chan, Malaysia The past, present and future of anaesthesia in Namibia Dr Theresia Shivera, Namibia	Behaviour change in children after general anaesthesia Dr Paul Lee-Archer, Australia Australian and New Zealand emergency laparotomy audit: Quality improvement Associate Clinical Professor Ed O'Loughlin, Australia Neurofilament light and cognitive outcomes Associate Professor Lis Evered, Australia Cardiopulmonary exercise testing in pregnant women Associate Professor Alicia Dennis, Australia The pharmacokinetics of cefazolin during cardiac surgery using tissue dialysis Dr David Daly, Australia	World aid, Conference Hall 1, Level 3 <i>Chair: Dr Wendy Falloon</i>	
Disaster anaesthesia: Asia Dr Shahridan Fathil, Malaysia Safe surgery: Africa Professor Bruce Biccard, South Africa Médecins Sans Frontières: Middle East Dr Kevin Baker, Australia	Clinical Trials Network, Conference Hall 3, Level 3 <i>Chair: Professor David Story</i>	CHESTY (CHEST infection prevalence after surgery) Ms Ianthe Boden, Australia Research in Malaysia Associate Professor Ina Shariffuddin, Malaysia The Chewy Trial, a multi centre RCT of chewing gum vs. ondansetron for post-operative nausea and vomiting Dr Jai Darvall, Australia	

Lunchtime workshop session
W07G Cardiac arrest... Meeting Room 306, Level 3 W53A Educator... (12.30- 1.30pm) Meeting Room 304, Level 3
Workshop session
W56B Annual supervisor of training (SOT) workshop - share experiences and grow together Meeting Room 305, Level 3

CPD

ANZCA and FPM members will automatically have their attendance accredited to their CPD portfolio in June 2019.

ANZCA and FPM CPD Program approval

This event is claimable by ANZCA and FPM CPD participants within the knowledge and skills and emergency responses categories.

Knowledge and skills activities

Lectures, breakfast and lunchtime sessions for one credit per hour.

Masterclasses, workshops and small group discussions for two credits per hour.

Emergency responses activities

Where the outline of a workshop states that the workshop satisfies an ANZCA Emergency Response CPD requirement, the workshop will be prospectively recognised as suitable to be claimed as an emergency response activity. This refers to workshops covering management of cardiac arrest, anaphylaxis, major haemorrhage, can't intubate and can't oxygenate or acute severe behavioural disturbance.

Note: Delegates who are not participants in the ANZCA and FPM CPD Program should check with their respective colleges regarding CPD.
